LOGO USE

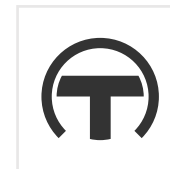

The horizontal version of the OneTable logo is the preferred version. The width of the "o" is the exclusion zone needed to provide the appropriate breathing room to ensure they maintain visual impact.

When not using the full color version of the OneTable logos, you may use a black or white version.

For a tighter space, use the stacked version of the OneTable logo. The width of the "o" is the exclusion zone needed.

Use the OneTable mark in color variations in preferred social applications such as LinkedIn profiles.
